## EXPERIENCE

---

### **Saint Louis University - Information Technology Services**

*Technologist I | November 2020 – Present | St. Louis, MO*

*Intern | August 2018 – November 2020*

- Transitioned to a full-time employee for exceeding goals and supporting the ITS team.
- Primary provider of technology and technology services at Saint Louis University that serves academic, clinical, research, and administrative customers across multiple campuses.
- As part of End User Services team, I managed support tickets, responded to calls, fixed computers, and maintained the current technological infrastructure on campus.

### **Henning Printing & Modeling**

*Founder | December 2016 - Present | St. Louis, MO*

- Using a fully custom designed and modeled 3D printer, I solicit my CAD modeling and 3D printing services to people around the country.
- I provide services for people who want to prototype a design or idea, model it, and print it with communication throughout the whole process on what they want or changes that need to be made. I have modeled and printed custom, specialized parts for over 20 people.

### **TAGG Logistics**

*Warehouse Associate | June 2017 - June 2018 | St. Louis, MO*

- Third-party fulfillment, distribution, and packaging logistics company.
- Responsible for picking, packing, and shipping orders for customers in a timely and efficient manner.

### **Jackson Custom Homes and Remodeling**

*Apprentice | June 2016 - August 2016 | St. Charles, MO*

- Shadowed tradesmen involved with providing custom home building, remodeling, and restoration.
